## A playhouse with a play panel and a window

Beca is one of the four playhouses in the Basic series. This model has a triangular design of which one side is closed and has a window, while another is equipped with a play panel. Do you want a more traditional and square design? Then have a look at our [LB089 Beth](#) playhouse.

The playhouses are popular amongst the children for games such as role play, and here Beca is no exception. The play panel's counter and abacus makes it ideal as a shop, where the children can sell mud pies and other goods. Role and negotiation plays help to improve the children's social skills. Here they learn to handle conflicts, develop empathy, and express their own emotions as well as say no. All of this strengthens their abilities to communicate and collaborate.

Beca is also designed with a window in one of the walls of the house. The window gives a good sense of space and creates a new perspective of the outside world, which helps to inspire the children to fun games and social interaction. Furthermore the window is made from our transparent polycarbonate, which is UV-protected and cannot be broken. These qualities protect the glass from vandalism, the weather and rays from the sun.

## Why buy LEDON Basic?

- All the basic elements required for a good-quality, low-priced playground
- Compact towers that require a minimum of space.
- The systems are available in a wide range of variants to meet all needs.

### Specifications

#### Order number

LB084G: In-ground mounting  
 LB084C: Surface mounting

#### Product dimensions (LxWxH)

100 x 92 x 172 cm

#### Area requirement incl. safety distances (LxW)

399 x 391 cm

#### Maximum fall height

60 cm

#### Age recommendation

From 2 years

#### Approximate installation time

2 persons 2 hours

### Why choose LEDON:

Danish design and production

Playground equipment developed in cooperation with children

Low maintenance playgrounds

Made with sustainable materials

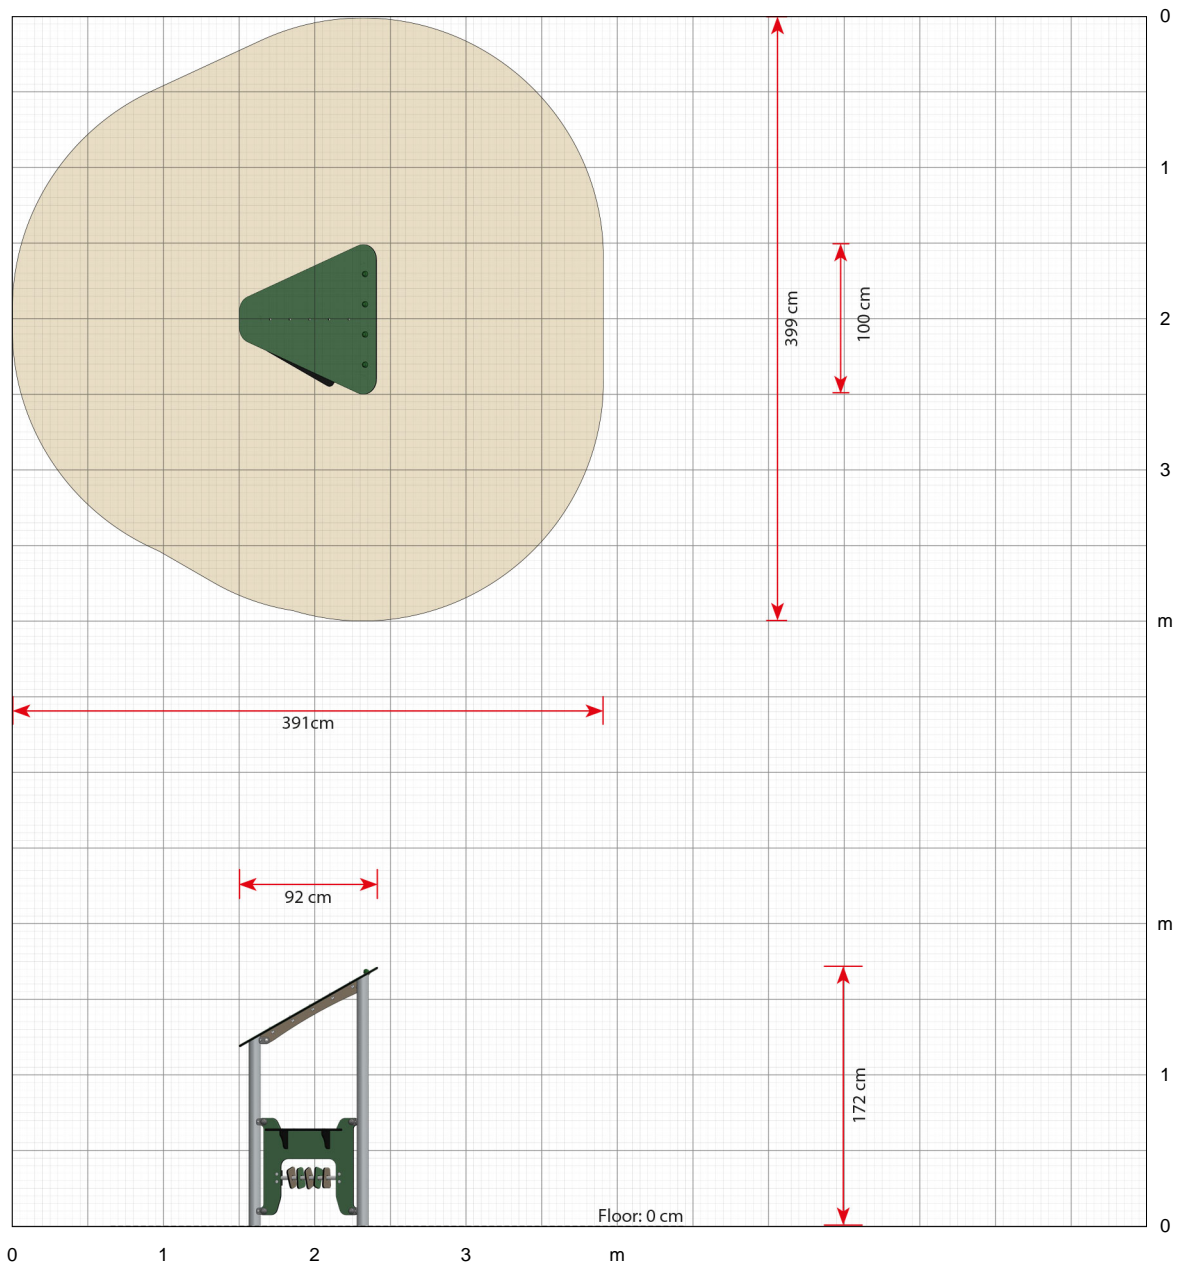

EN1176 certified by TÜV

# LB084

## Beca

Scale 1:50 (when printed in 100%)
